中央供料系统
Central Material Handling System

性能特点 | Features

- 高效的生产流程。
- 整洁的生产场地。
- 灵活的现场管理。
- 生产成本大幅降低。
- 产品品质显著提高。
- 公司形象全面提升。

- Simplifies production procedure with high visibility.
- Reduces dust level and cross contamination of materials.
- Console is for easy monitoring and control.
- Lowers manufacturing cost.
- Improves product quality.
- Improves company image.
