WSGL Low-speed Granulator

**Features**

- Lower noise, well-proportioned granule and less powder.
- Adopted Taiwan gear reducer with large torque, good quality and long service life.
- Driven by speed reducer directly for steady operation.
- Double-layer and sound-proof hopper.
- Fixed blades should be sharpened after 4 times usage.
- Designed with easy blade replacement to reduce down time.
- Hopper and screen can be easily accessed and cleaned.
- Consists of motor overload protector, isolation switch and safety switch.
- Equipped with cycle timer, it can start and stop working automatically.
- Equipped with caster for movability.
- Standard configuration is blowing cyclone system, while optional configuration is material storage trolley or hopper.

WSGL270+RFC0.75HP
